Xaminer Pro AC Power/Communication Cables

PN: 1313 (communications cable), 10022 (AC power supply), 1316 (110v power cable, 1317 (220v power cable)

The Xaminer Pro series requires an AC power adapter, communication cable and a secondary power cable. The AC power supply and communications cable provides true AC power to the verifier. The communication cable also connects to an optional receipt printer or your PC.

Stratix Direct Thermal Printer

PN: STXEP-CFG-DTP-KIT

The Direct Thermal Printer provides quick, on-demand verification reports in a receipt-style fashion. Compact, durable, and quiet, this printer will not interrupt your work day. A simple cable connection combined with no ribbon hassle allows the user to drop in the paper, and you are ready to go. Reporting has never been easier!

Xaminer Pro Carry Case

PN: V6158BCS

Functional and attractive, the Xaminer Pro Carry Case provides protective storage for your verifier and accessories when not in use, or on-the-go traveling. Made with a thick foam interior that contains cutouts for each individual item, your Xaminer Pro accessories will not wiggle in this case! Additional features include an exterior pocket for the user's manual or important documents and a shoulder strap for easy carrying. Business card windows allow personalization.

Xaminer Pro Can Stand

PN: 10060

Specially designed for verification of cylindrical objects such as aluminum cans, the Xaminer Pro Can Stand contains a drop-in cradle for simple and accurate testing. Constructed of heavy-duty metal with brackets for proper placement and security of the Xaminer Pro verifier, this stand will make your life easier! Enhanced with indicator "zones," the can stand eliminates any room for error in your bar code analysis.

Xaminer Pro Battery Charger

PN: 10034

For optimum performance when portable use is required, Stratix offers a battery charger with four AA Ni-MH rechargeable batteries for use with the Xaminer Pro verifier. Two sets of batteries prove to be ideal – one set in the verifier during operation and one set in the charger, charged, and ready for use.

For more information or to order an accessory call 1.800.883.8300 and ask for a Verification Account Manager.
